FEATHERWEIGHT MAINTENANCE CLASS

Instructor:	Ronnie Sandoval	**Workshop Fee:**	$40.00
Date:	Mon., Feb. 15, 2027	**Kit Fee:**	Included in W/S fee
Time:	1:00pm – 4:00pm		
Location:	Main room		

Join us in learning how to maintain your Singer Featherweight (221) sewing machine. You will be cleaning and lubricating the top and bottom gears, removing the wheel-which will be cleaned along with the motor, oiling your machine in all the correct places, learning a simple way to keep screws in good order and clean, and polishing your machine.
Ronnie will be supplying a small kit with what you will need to have a beautiful running machine at the end of class!!

Supply List:

- Featherweight machine (FW)
- Towel to place FW machine
- 4 small rags (size about 10" x 10")
- Screwdriver if you have them.
- Small bowl or container to hold screws.
- Check the belt if it needs to be replaced. Purchase before coming to class.
- Apron
