BLOCK OF THE MONTH - JULY 2013

Fabric A (light) - cut 4 squares - each 4 7/8"

Fabric B (dark) - cut 4 squares - each 4 7/8" AND cut 1 square of 4 1/2"

Draw a diagonal on the wrong side of each light square.

Layer a light square right sides together with a dark square. Stitch a 1/4" seam on BOTH sides of the drawn diagonal line.

Cut ON the diagonal line. Repeat with all 4 squares. You will now have 8 half-square triangle blocks. Press to the dark fabric. Trim "bunny" ears. These blocks should measure 4 1/2".

Sew together in rows per the diagram. The 4 1/2" dark square should be in the middle of the middle row. Sew rows together. Your finished block should measure 12 1/2"
